

## 25 TRAINING OBJECTIVES FOR DISCIPLESHIP

### 10. Hearing the Word of God

- *Truth to Teach:* The more we hear and know God's Word, the more we know God. This is why personal Bible study and gathering with the church to learn the Word of God is so important.
- *Scriptures:* **Psalm 119:33-34** > What two things should we ask God to do concerning His Word?

Why do we need to understand His Word?

How does understanding come to us?

**Romans 10:17** > Where does Faith come from?

What is the message? How is it heard?

**Luke 11:28** > Who is blessed according to Jesus?

**John 8:47** > What did Jesus say that the person who belonged to God heard?

What reason did Jesus give for these people's lack of hearing?

- *Application:* Let's read the Bible together. Name some of your favorite verses and let's look them up.
- *Activities:* As you go to church, take your Bible and also try taking notes when the Bible is taught. Sometimes this helps us remember what we've heard.
- *Practice:* What can you do this week to improve your responsiveness to God's Word?

Set aside time each day this week in your quiet time to just listen to God after you've read the Bible and spend some time in prayer.
